The Co-Living Concept

Co-Living is a style of living that revolves around a genuine sense of community, using shared facilities and living spaces to create a more advantageous and suitable lifestyle. Co-living allows you naturally to feel part of a community everyday – even if it's something as simple as having someone to talk with when you come home from work.

Aspire Living offers unique and exclusive co-living homes in the North East of England. Born from a desire to do things better, we have established a brand founded on consistently striving to achieve the highest standards in all areas, from the quality of our bespoke accommodation through to our attentive customer service. Nobody does it better.

We both own and manage all of our properties, so you always deal directly with the landlord and we are also accredited the National Landlords Association (NLA) and the Private Rental Service (PRS) so you can be sure or receiving the highest of standards.

NEWCASTLE

The city holds deep-rooted traditions, expressed by the no-nonsense, likeable locals.

World-class culture, award winning dining, lively nightlife, inspiring heritage, incredible shopping, and acclaimed architecture all linked together here with the famous Geordie spirit.

GATESHEAD

Gateshead's great outdoors filled with a beautiful natural environment, a brilliant variety of wildlife, and a thriving network of businesses selling local produce.

Nestled in the core of gateshead's urban centre is Saltwell Park, one of the towns hidden gems.

TAMWORTH

Our newest addition to the Aspire Co-living family as we start to grow nationally.

Tamworth is a bustling rural town within prime commuter territory to London centre via train.

We offer exclusive bespoke, fully furnished, en-suite and self contained double bedrooms located in sought after areas of Newcastle, Gateshead & Tamworth, all situated with excellent access to local amenities alongside great commuter links to nearby convenience.

Each property is created and maintained to meet our exacting high standards. All you are required to do is simply walk in, unpack, and feel at home. We pride ourselves on marrying together a house of like-minded individuals, from similar backgrounds and of similar ages, this we believe is at the core of what we do.

By creating a relaxed environment within houses, co-living allows for different ages, genders and cultures to all come together under one roof. Whilst sharing communal areas such as a kitchen and living area with other tenants, you also have your own space usually in a Bedroom and En-suite. This style of living is designed to help young professionals afford a high standard of living. Some also find it convenient and less hassle to pay just one bill that covers everything.

Being part of a co-living property is a great way to meet new people and form friendships, especially for the young professionals moving to a completely new city for work. It's also a convenient way for young professionals to integrate into the city life

Each room is fully bills inclusive, so you only pay one fixed fee per month. This includes, Rent, Gas, Electric, Water, Fibre Optic super-fast Broadband Internet, Sky Television, TV License, Council Tax and a fortnightly Cleaner. It truly is an all-inclusive rent. We also offer a unique service whereby, for an extra monthly fee, you can add items including, Extra Furnishings, an LED Flat screen TV, Kitchen Utensils, a Compliment of Cutlery and Crockery, and Bed Linen or Towels.

We pride ourselves in offering outstanding quality accommodation with the flexibility to suit everybody's needs and are registered and accredited Landlords with the National Landlords Association (NLA) & the Private Rental Service (PRS). We are committed to raising standards in the quality of accommodation and service in the private rented sector.

We are business built on technology and innovation and are proud to offer a 100% paperless 24/7, digitised tenant experience end-to-end that is industry leading.

From your first initial interactions with our global team, to the slick viewing process, through to onboarding, your stay and finally your exit, everything is at your finger tips, all day, every day through our custom software & tenant platforms.

360 Virtual Tours

Want to take a virtual walk around one of our properties? Take a 360 degree virtual tour at one of our co-living properties by copying and pasting this link into your browser:
